

THE HAMLIN HERALD

30th YEAR—EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, OCTOBER 18, 1935.

NUMBER 51.

PARK YOUR CAR BETWEEN THE LINES

Now fuss. You can't make any more racket about being forced to observe the "parking line" now than you did when you found the cars were so parked in the best places in town just far enough apart by an inch to keep you out. Remember that, don't you?

By co-operating with the parking lines suggestion Hamlin streets can accommodate at least a few more cars than the old "scattered out" way we used to park.

Visitors in Hamlin have learned that they MUST not leave their cars parked in the middle of the street, and this leaves the street open and clear. Now by using the white lines as your guide, you can have more room to get in and out and not skin a shin, bump your legs, or have a door slammed into your face, like in other days, because there was no room.

FATHER AND SON BANQUET SOON

The Lions Club cordially invite the fathers and sons of Hamlin to the "father and son" banquet Thursday evening, November 1, 1935, at seven thirty o'clock.

An outstanding speaker will be present, and there will be stunts for the boys.

Remember the date, and watch for further announcements.

HAMLIN LIONS CLUB.

CARD OF APPRECIATION

All of these midget Shetland ponies are of a very valuable Shetland stock imported from England, each of these ponies are registered and papers carried with the circus. They are very beautiful and do marvelous pony drills to the delight of thousand of children and grown-ups as well. These tiny Shetlands are very rare in color, dapple, blue, brown and buckskin also to the delight of the youngsters. They have some spotted ponies who perform numbers of feats and drills.

SCHOOL NEWS

FRESHMAN CLASS REPORT

Tuesday and Wednesday afternoon the Freshman Class sold candy to raise money for their queen. They did quite well and expect to sell sandwiches Saturday.

At the class meeting Oct. 12 we discussed other ways of making money, and expressed their ideas for a booth at the Junior Carnival.

"Green But Growing" was selected as our Class Motto.

SENIOR REPORT

The Senior have really been busy this week. Our subscription contest was a big success but of course we know we owe that success to the fact that the people of the town have been so good about helping us. We appreciate all the help that has been given us in any way.

When the final count was taken, it was found that the "Cyclones" had beaten the "Whirlwinds" so it looks like the victors will be entertained soon. Seems like Col. Hodges is pretty good, doesn't it?

Another feature of this week's work was the selection of Senior rings. It really was hard to decide upon a ring because there were so many lovely rings presented to us. Finally, however we decided upon a beautiful yellow gold ring trimmed with onyx. Watch for Seniors who are wearing flashy Senior rings.

YES SIR. IT'S US AGAIN

"And the 'Us' refers to no other than 'The Pep Squad'—the squad that helped the team to win those games and make the touchdowns. We went to Roby with the football boys last Friday and came back victorious with a score of 13 to 0. The only thing wrong with the squad Friday was that they didn't have on their uniforms. The girls are still sewing on theirs and the boys haven't decided what they want yet. But we had a swell time even though there were a few football boys hurt and the squad had sore throats for a few days afterwards. It was a real good game too.

The pep squad is going to learn formations soon and when we learn them and the songs, folks, you can't afford to miss seeing and hearing us because we are going to have a squad everyone in Hamlin will be proud of. And as for you, the citizens of Hamlin, come on out and help "us" root for the team. They are going to play Rule this Friday so com'on and help us "Beat Rule."

HAMLIN BOY HELPS WIN

HARDIN-SIMMONS UNIVERSITY FOOTBALL GAME

ABILENE, Oct. 15.—Carol Benson of Hamlin, was a member of the Hardin-Simmons University football squad which defeated the Morning-side College Maroons, 32-0, in their first inter-sectional game last week in Sioux City, Iowa.

The entire squad attended the Minnesota-Nebraska football game in Lincoln, Saturday, as guests of Jake Sandefer, Breckenridge; Solon Featherston, Wichita Falls; and Jack Chatam, Burkburnett.

The Cowboys returned to Abilene Sunday night and Monday began hard practice for their tilt with Southern Methodist University in Wichita Falls, October 26. They will not play this week.

Head Coach Frank Kimbrough was well pleased with the brilliant showing of his charges last week, although he will spend the next two weeks ironing out wrinkles in the Rancher attack.

Luther Raley of Hamlin will be in the starting line-up when the Hardin-Simmons university freshmen take the field against the first year team from Howard Payne College in Abilene Thursday night.

The young Cowboys under the tutelage of Theo Rigsby, former Hardin-Simmons backfield star, will meet Texas Tech freshmen and Howard Payne again during the season. With three weeks practice behind them they will be in excellent shape for the initial tilt.

DEATH CLAIMED W. B. TEAGUE MON.

The Wise Chapel community lost one of its best and most esteemed citizens last Monday, when death came to W. B. Teague, who had been in failing health for some time.

Mr. Teague was born in Titus Co., Texas, November 1, 1859 and died at 1:15 P. M. Monday, October 14, making his age 75 years, 11 months and 14 days.

The deceased was reared in the Moody, Texas, community, and on August 2, 1896, he was united in marriage to Miss May Ann Lee, who survives. To this union there were eight children, all of whom are living except two, who died in infancy. All of the children were present when death came to their father. Their names are Basil Teague, of Houston, Texas; Joe Teague, of Abilene and Mrs. Annie Lasseter, John and Oran Teague, and W. B. Teague, Jr., all of Hamlin.

Mr. Teague moved to Jones County in 1915 and lived several years in the Dovie community and later bought a farm in the Wise Chapel country where he became one of Jones County's best farmers.

The deceased was a member of the Church of Christ and the Masonic Lodge. He was a citizen who kept close to events of his country and nation and always assumed a quiet and sincere bearing, standing for the best for home and country.

Funeral services were conducted at the Church of Christ Tuesday afternoon, in charge of Minister Cecil Hill assisted by Rev. L. K. Malone who had lived a close neighbor to the Teague family ever since they moved to this County.

The members of the Masonic lodge of Hamlin officiated in the last rite, and the body was in charge of the Barrow Funeral Directors. Burial was in East Hamlin Cemetery.

Pall bearers were: Masons, Emmitt Whitaker, Leonard Goodgame, Ollie Cohorn, J. M. Stubbs, Grogan Turner, and Bill Rountree.

BOY SCOUTS

The Boy Scouts of Troop 15, Hamlin, met Friday evening at 7:30 P. M. with 21 scouts and 8 visitors present. After the opening of the meeting games were played.

Scoutmaster Griffin gave a very interesting and instructive talk on Scouting, after which Gilbert Freedman, senior patrol leader, added a few remarks. The meeting then closed with the Scout benediction.

Tuesday night at M. Y. Wilson's home a meeting of patrol leaders was held to make plans for the coming scout meeting. Plans were also made for a trip on Wednesday and Thursday to Haskell for a scout program and the Fair.

Scout meeting will be held Friday the 18th of October, at 7:30 P. M. in the Town Hall. Visitors over twelve welcome.

—Scout Reporter.

Last week the Herald had a publicity item for our old timer visitor W. A. Nobles, now of Maxey, Texas, down in Lamar County. But as it sometimes happens the scribbling was stuck down deep in a pocket and was not resurrected till the Herald was out. We meant to tell the "natives" that W. A. was back in this country "fooling round" kindly like he would return, but when he began to tell of the great things he had raised on his black land farm, measuring potatoes like he would a fish story and then wound up by telling about the melons, we decided that W. A. was lost forever. He will continue to hobnob with the chiggers and the ticks and pull through the black mud. Mr. Nobles still owns some real estate in Hamlin and he has children in Pecos, and while this near, he went on to that western city to visit his son, Mahlon, and his daughter, Miss Mildred. Mr. Nobles was accompanied by a friend, Vernon Hopper, of Forest Hill, Texas, in fact W. A. said that Vernon Hopper was "mayor of that East Texas town." While here W. A. had a hard time eating all the good dinners that were offered him. He accepted more than he could carry out and therefore "stood up" one of his best friends. Those East Texas fellows get all excited over the courtesies, hospitalities and good eats in West Texas.

NEW CARS SHOWING THIS SATURDAY

The readers of the Herald will notice this week that there are two new lines of cars to be shown in Hamlin this Saturday and still another to be before the public on Saturday, November 2.

A mere glimpse of the Pontiac is given this week. The dealer is the Hopper Motor Company in South Hamlin.

The New Ford is to be here also at the Culbertson-Fraser Motor Company. Just a mere hint of these cars are given at present.

The Chevrolet is just around the corner, with an announcement that they are appearing on November 2. The Williams Chevrolet Company are expecting a big show day that day.

The Plymouth was announced last Friday and was the center of attraction in the new firm's show rooms, just north of the Dillard Hotel. Messrs Foster and McFarland have this line of cars.

CARD OF THANKS

We take this means of extending our sincere thanks to our friends and neighbors for their kindness shown our husband and father during his illness and for your sympathy and thoughtfulness at the hour of death. And to the Wise Chapel and Hamlin Schools, the Masonic brethren, the Church of Christ and others for the beautiful floral offerings.

MRS. W. B. TEAGUE
and Family.

G. T. Holladay, who is a representative of an insurance company, with headquarters in Hamlin, has been given a position as an accountant in the auditor's office in the University of Texas at Austin. Mr. Holladay is a graduate of the State University and has been in Hamlin since January of this year. Just as he gets the University position he learns he received rank No. 1 as agent for his company for 1935. Mr. and Mrs. Holladay and little Miss Margaret Ann will leave for Austin next week.

Mr. and Mrs. Paul Fraser, of Munday, were here Sunday to visit Mrs. Fraser's parents, Mr. and Mrs. J. C. Culbertson.

HOME TOWN SERVICE

The best part about your telephone service is that it's home town service—tailor-made for you at the switchboard by people who live and work here.

Experts on American Telephone & Telegraph Company's headquarters staff can develop better methods of giving you service. Scientists of Bell Telephone Laboratories can contribute new inventions and scientific developments. Western Electric can buy and manufacture economically for the 24 operating companies of the Bell System.

And all of these things can—and do—help us tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

You can't measure those qualities. You can't set them down on monthly reports. Yet they have a large part in the job of providing telephone service. Southwestern Bell Telephone Company.

KINDNESS

An explorer was speaking at a dinner given in his honor before he left on a journey to Africa. In concluding his remarks he said:

"I thank you for your kind wishes regarding my welfare on my dangerous journey, and I want you to know that when I am far from you, surrounded by ugly, grinning faces, I shall always think of you."

Churches and Church Activities

AT THE HAMLIN MISSION

Our first series of Bible pictures given last Saturday, and Sunday nights were greatly appreciated by the large congregations which saw them. Everybody should see these exhibitions of the world's greatest artists. This is an intensified illustrated Bible Course, covering the entire Bible, in about six months time. These are given every two weeks, and there is no admission charged. I mention this admission item because many had the impression that there was an admittance fee charge, and kept away, on this account.

Next pictures and lectures will be given Oct. 25, 26 and 27 at 7:30 P. M. Everybody invited to attend.

L. P. McCrary, M. D.

BALL JAR CONTEST

ELIMINATION HELD

We learned some interesting things about canning at the Swedonia H. Dem. Club meeting at Mrs. H. J. Jackson's October 15th.

Our president, Mrs. R. M. Young, called us together with the singing of our club song. After roll call and reading of the minutes we discussed the November County Exhibit and what we should have or take. We will have our exhibit of articles made from sacks and maybe we will have a melon rind exhibit.

Next, Miss Jennings judged our jars of fruits and vegetables for the Ball Jar Contest. We had ten members to bring exhibits for this contest. Mrs. H. J. Jackson was lucky enough. (I should say smart enough) to win 1st place in both vegetables and fruits. We hope she wins in the

County contest.

There were jars of blackeyed peas, cream peas, salad peas, snap beans, Great Northern beans shelled, squash and carrots in vegetables. Pears, peaches, plums, white cherries, black berries and huckle berries in fruits.

Fruits and vegetables should be uniform in size and color, well packed with juice covering the contents and no sediment.

We had two new members, Mrs. C. H. Clark and Mrs. J. A. Nelson.

Mrs. Jackson served cake and tea to them and Mes. R. M. Young, R. T. Cypert, Smith, J. H. McKay, Tarlton Willingham, Jerry Crowley, and E. R. Rector; Misses Gertie Young and Evelyn Jennings.

TRAFFIC LIGHT INSTALLED

AT HIGHWAY CROSSING

Anson has thrown off its swaddling clothes and is donning city manners. A traffic light has been installed at the intersection of highway 30 and 4 and highway 15 on Houston and South Commercial streets.

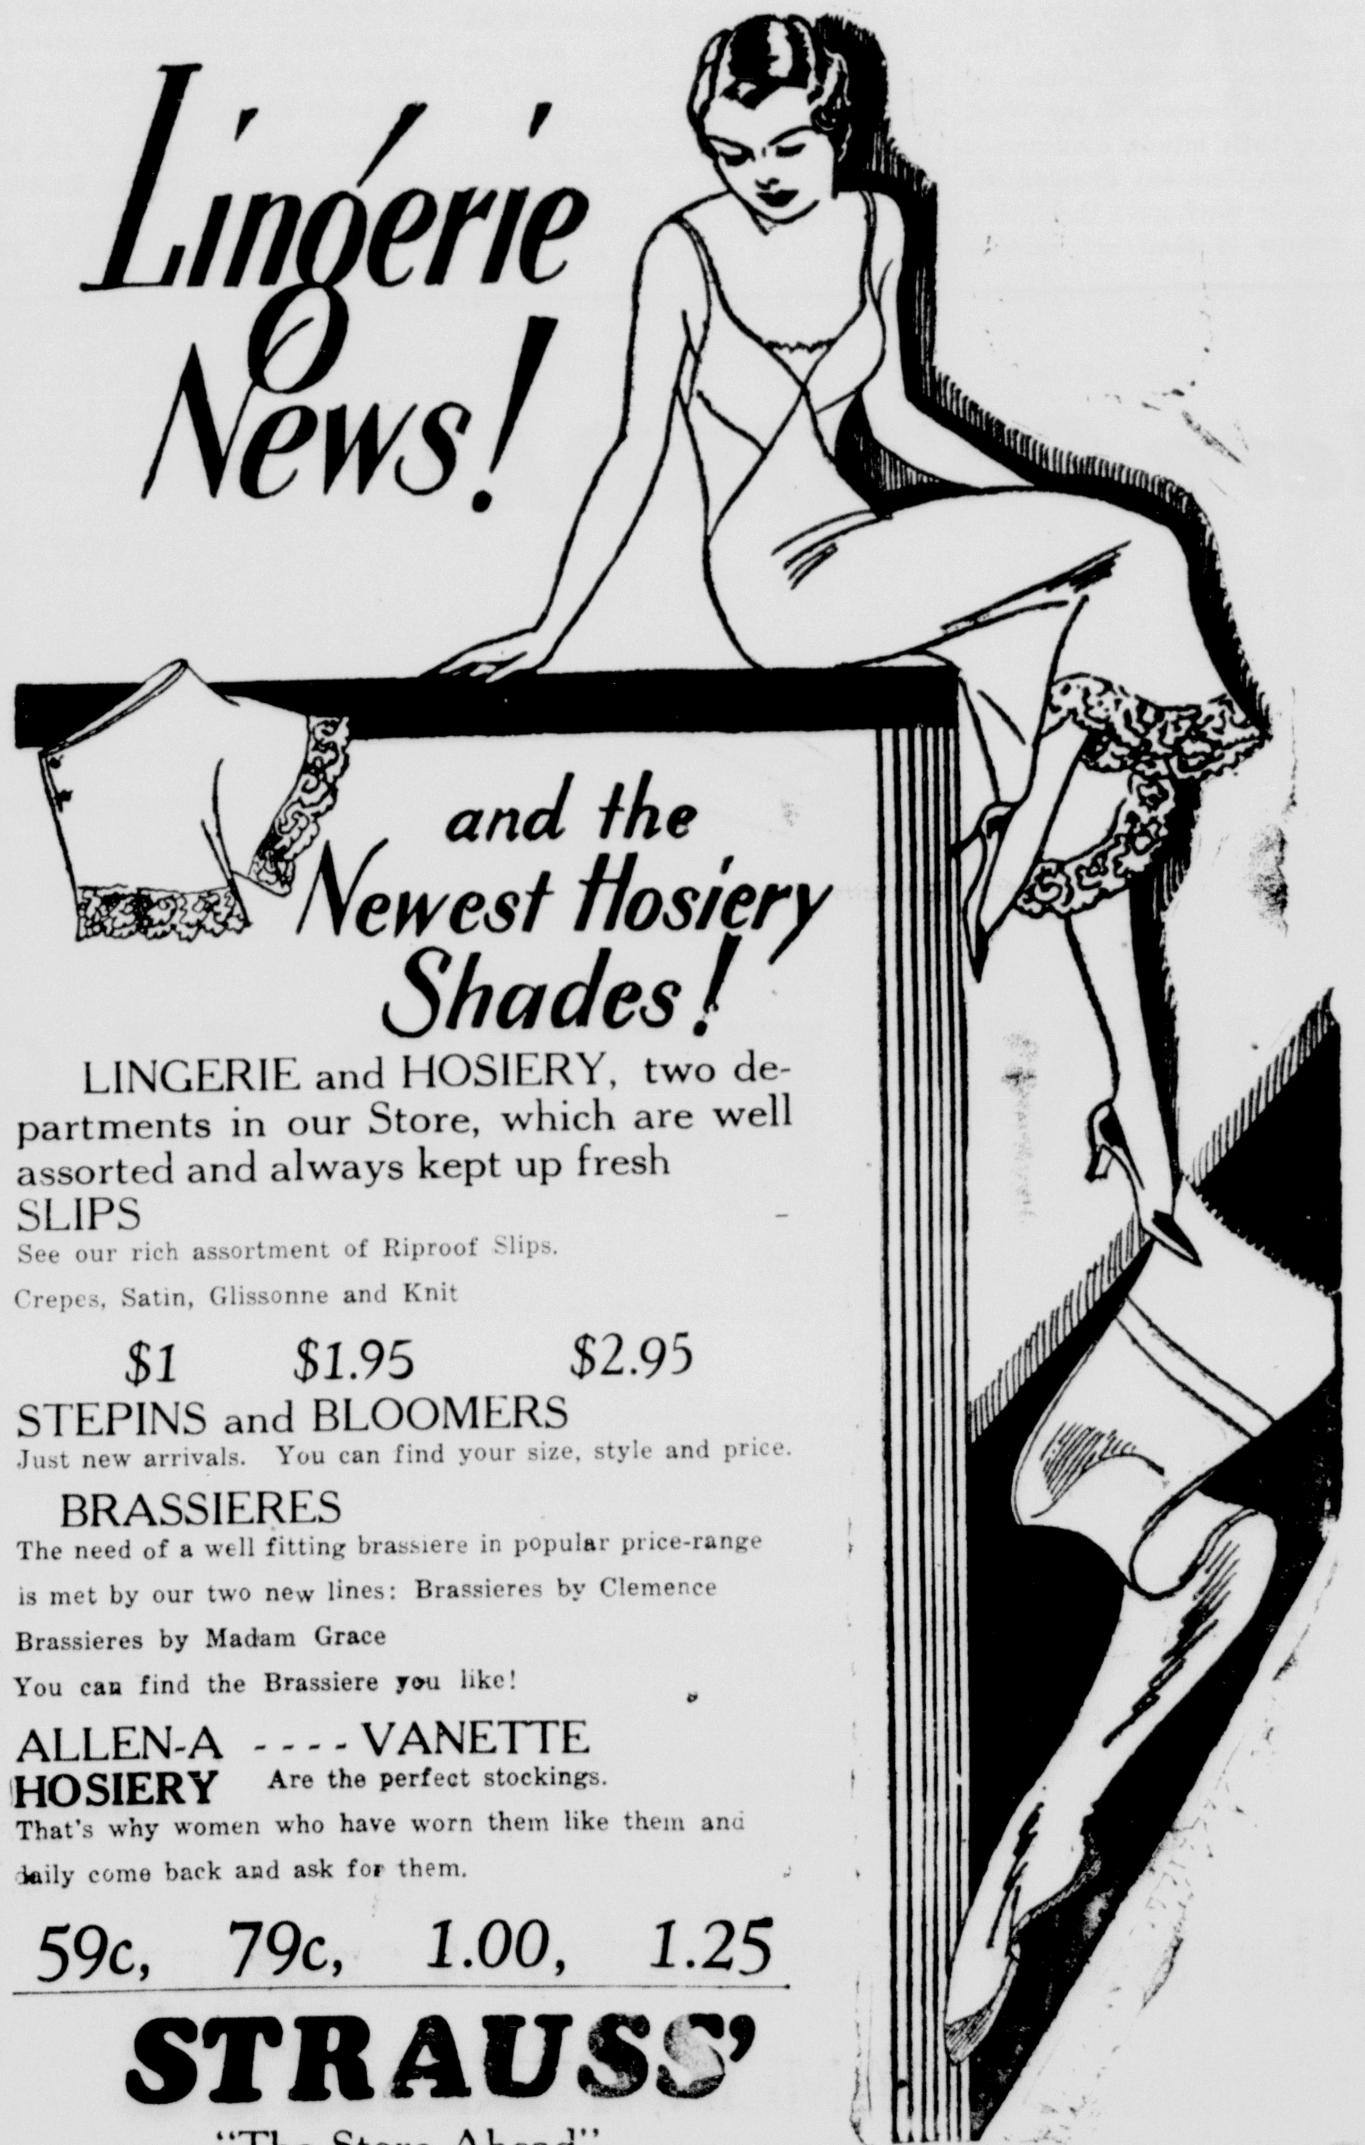

Movement to install the traffic lights was sponsored by the safety committee of the Lions Club, chairmaned by Milton Marks.

The city bought and installed the light at an initial cost of about \$100.

The change from the green to the red light or vice versa is supposed to be made at intervals of twenty seconds but in reality several more seconds are required. At present Y. G. Bartlett, who has been detailed by the city to take care of traffic on the streets, will also have charge of the new traffic light, which will give day and night service.

The usual traffic rules are to be observed: Go straight ahead, or to left or right on green light, but only to right on the red, and then after coming to a stop. It can be said that many drivers have been observing the rules governing traffic lights since this one was installed Tuesday, and that all of Anson seems to think that this service was badly needed, and as a corollary should cooperate in trying to save lives and cars in obeying traffic rules.—WESTERN ENTERPRISE.

HOME TOWN SERVICE

The best part about your telephone service is that it's home town service—tailor-made for you at the switchboard by people who live and work here.

Experts on American Telephone & Telegraph Company's headquarters staff can develop better methods of giving you service. Scientists of Bell Telephone Laboratories can contribute new inventions and scientific developments. Western Electric can buy and manufacture economically for the 24 operating companies of the Bell System.

And all of these things can—and do—help us tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

You can't measure those qualities. You can't set them down on monthly reports. Yet they have a large part in the job of providing telephone service. Southwestern Bell Telephone Company.

KINDNESS

An explorer was speaking at a dinner given in his honor before he left on a journey to Africa. In concluding his remarks he said:

AT THE HAMLIN MISSION

Our first series of Bible pictures given last Saturday, and Sunday nights were greatly appreciated by the large congregations which saw them. Everybody should see these exhibitions of the world's greatest artists. This is an intensified illustrated Bible Course, covering the entire Bible, in about six months time. These are given every two weeks, and there is no admission charged. I mention this admission item because many had the impression that there was an admittance fee charge, and kept away, on this account.

Next pictures and lectures will be given Oct. 25, 26 and 27 at 7:30 P. M. Everybody invited to attend.

To Jump and Crash In Hamlin

Motorcycle Crash Through Wall Will Furnish Big Thrill Sunday

Visitors to Hamlin Sunday afternoon, October 20th, will witness one of the most spectacular events of the day, when a motorcycle and rider, going 50 miles per hour, will crash through a solid wall of 3-inch lumber. The show will be held on the Hamlin Airways in North Hamlin.

Johnny Holden, dare-devil motorcycle rider of Fort Worth, advertises that he will hit the wall and go right through it, or die trying. He re-

quests the co-operation of the public in general in keeping a safe distance from the wall. Lumber will fly in every direction when he hits it and furnishes a chance for anyone nearby to be severely injured. His motorcycle overturned recently at Memphis, Texas, when he made the ride, breaking his shoulder in three places. The machine, his body or flying boards are liable to go in any direction, he says.

This free air show will include a one-fourth mile high parachute jump and air plane stunts, each. It is being sponsored by the Magnolia Petroleum Co., Tom Holman, Agent, and these products will be used in all machines. There will be no collection or charge of any nature. It is all free. Passengers will be taken up in the two planes, one open and the other a cabin machine, both Saturday and Sunday, for 50c each.

MAKE EVERY WEEK

FIRE PREVENTION WEEK

Fire Prevention Week, which began as an annual national event during the Wilson administration, has been productive of much good. It has lessened the toll of lives that fire takes each year. It has saved millions of dollars worth of property from destruction. But, in spite of this splendid record, the results obtained have been far less imposing than they should have been.

It is the common experience for the national fire loss to fall during the Week, and for a relatively brief period immediately following. Then it again rises to "normal" levels. In brief, while the lessons of the Week are fresh in their minds, citizens are careful—when time has dimmed the enthusiasm the week gave them, they again return to their old careless

habits.

There is but one solution for that unfortunate state of affairs—a solution that, if it is to be the success it deserves to be, must be applied by every property-owner and citizen. Figuratively speaking, we must make every week Fire Prevention Week. We must remember what we learn, and apply it throughout the year. We must realize that the fire demon never sleeps—and that it is of little use to eliminate hazards and take protective measures once each year, and then allow that good work to go undone for the balance of the twelve-month.

This year, Fire Prevention Week offered the motto, "Fire destroys life, property, progress, prosperity." That minimizes the consequences of fire, rather than exaggerating them. Fire is the enemy of our homes, of our industries, of our communities, of the lives of our loved ones. Fire

prevention is their friend and protector. Don't forget—make each week Fire Prevention Week so far as you are concerned.—INDUSTRIAL NEWS.

The Seniors wish to express their joy in living, their happiness in living in Hamlin, and their gratitude to the people who make it possible for them to go to school. The Senior Class of 1936 is dignified and progressive and wants to do the things that will make the school and town outstanding. However, we can do nothing without the aid and co-operation of the loyal merchants of Hamlin. To you who have bought an ad on this page and helped us put this project over, we are indeed grateful. And you in return will not be sorry for we will do our best to see that our friends as well as ourselves patronize you in the future. And we wish to thank the following firms and people for giving something to aid the Seniors: HAMLIN OIL MILL, BILL'S CAFE, PARKER'S SHOE SHOP, HARDEN GIN AND HARDEN HOTEL,

The Seniors are extending to everyone the invitation to drop around at the High School any time, any day, any hour, and see the Seniors at work. They go into everything whole-heartedly and always come out "On Top." Listen to see who wins the Queen's race. It will be the Seniors for they are supporting Miss Mary Beth Moody 200%, and who could lose under those circumstances with merchants and friends to back us as you are doing.

That Good PINEAPPLE JUICE

YOU don't have to give an alibi for a good drink. You have every reason in the world to want it.

Irvin S. Cobb tells the story of a distiller down South who sent a baby-sized barrel of Bourbon to a friend of his, back in the hills. About ten days later, the man returned with the empty container and an expectant look.

"Look here, Shep," the distiller said, "aren't you crowding the mourners just a little? It hasn't been more than a few days since I gave you eight whole gallons!" "That's right," Shep agreed, "but Kernel Goodman, sub, you got to remember a kag of likker don't last very long in a family that can't afford to keep a cow."

To Your Health!

However, the good drink we have in mind is not "likker." It's health-giving, sun-ripened pineapple juice which comes in cans and which even the family that doesn't keep a cow can afford. There is no need to mix this juice with other juices or seasoning. Serve it cold, just as it comes from the can, and the flavor is entirely satisfying.

Perhaps, however, you would like to vary it for a lunch or a dinner cocktail. Don't let anything stop you, for it is a delicious addition to other fruits and milk shakes. Even Cobb, who is an authority on Kentucky mint juleps, would no doubt approve the recipe which follows for Pineapple Mint Julep.

Pineapple Mint Julep: Boil four tablespoons mint jelly, four cups

water and four tablespoons sugar until the jelly is all melted. Cool. Add two cups of pineapple syrup and the juice of four lemons. Serve very cold with a sprig of fresh mint in each glass. Instead of ice, use ginger ale flavored with the mint syrup from green cherries and then frozen in cubes. This makes six long drinks.

Pineapple Egg-Nog: Put two eggs, two tablespoons sugar and the contents of two 12-ounce cans of pineapple juice into a cocktail shaker or jar, add cracked ice and shake until well mixed and frothy. Serve with a sprinkling of nutmeg on top. This makes four and one-half cups of egg-nog.

Pineapple Milk Shake: Shake together in a glass jar or shaker one-half cup of canned chocolate syrup, one cup of fresh cream and one cup of syrup from canned pineapple. Add one cup water and cracked ice. This fills four large glasses.

Cranberry Cordial: Make a syrup of one cup sugar and two cups water. Add two cups tea, one cup lemon juice, the contents of one No. 2 can of cranberry jelly, one No. 2 can of unsweetened pineapple juice, and six cups of cider. Serve very cold. This makes four quarts.

Pink Lady: Boil one-fourth cup sugar with one-half cup water for about three minutes. Cool. Add one-half cup of raspberry syrup, two tablespoons lemon juice, the contents of one No. 2 can of Hawaiian pineapple juice and one pint bottle of charged water. Serve over cubes of frozen tea. This fills ten punch glasses.

STATESMANSHIP AT

AUSTIN—NIX!

Last Tuesday night the Extra Special session of the legislature came to a close, and the governor promptly called them to continue. Continue is one of their principal pastimes. They have been in session for thirty days and never could find out what a saloon was. They tried to define something where intoxicating liquors could be sold and not call it a saloon. If they carry out the mandate of the recent constitutional amendment they will never legalize the sale of liquor in Texas. It said the saloon shall never be permitted. Let them pass any kind of sham to get around the word saloon and some day the supreme court will rule that they violated the constitution and knock the law into a cocked hat.

The legislature has wrangled over what to do with liquor and let the amendment concerning the mentally ill, one that means something to humanity, go begging. Furthermore, they seem to try to put the old-age

pension amendment into effect without a tax. It can't be done. They seem to shy around the sales tax, and again that can't be done. That form of taxation is the fairest and most universal of all taxes. Politics play too much these days, in Austin. This one, that one and the other one is looking to 1935 to see how the votes may fall, instead of doing what should be and can be done, and forget all about their own political skins.

McCAULLEY NEWS

School is progressing nicely. The boys played a game of ball with Hamlin at Hamlin Tuesday night. McCaulley lost the game, but anyway they want to play Hamlin again in the future.

Miss Mary Ellen Jackson was home for the week-end. She is in Simmons for her second year.

Mr. and Mrs. Walton Johnson are the proud parents of a new son, arriving Saturday morning, Oct. 12, 1935. He has not been given a name yet.

Many are pulling bolls now. If the cotton continues to open, gathering will soon be in full swing.

HOLLIE MAHAFFEY DIED

A fine young man of the Plasterco community, Hollie Mahaffey passed away at his grandparents, home Sunday afternoon, October 13, 1935, after three weeks illness with pneumonia.

At the time of his death, he had reached the age of 21 years, 4 months and 5 days.

Harold Hollie Mahaffey was born June 8, 1914, near McCaulley, and has lived near Plasterco the past few years.

He is survived by his prents, Mr. and Mrs. Will Mahaffey, and the following brothers and sisters: Clifton, Melton, Raymond and Cleo, Lillie and Lola and many other relatives and a great host of friends.

Although he had not made any public profession of faith in Christ, all were led to believe he was prepared for death by his talk during his illness.

Funeral services were held at the Missionary Baptist Church at McCaulley, Monday afternoon, and Bro. Roy Mathis, pastor of the Baptist Church of Plasterco was assisted by Bro. Howell, Baptist Pastor of Royston, with the service.

The flower girls were cousins of the deceased, Misses Pauline and Leota Bailey, Mrs. Ora Smith, Misses Geraldine, Irene and Corrine Bailey and Helen Mahaffey and Ruth Singer. The pall bearers were Elmer Terrell, Vacial Ervin, Riley Reynolds, Bud Smith, Dewey Dunham and Earl Rhoton.

The body was in charge of the Barrow Funeral Parlor of Hamlin, and was placed to rest in the McCaulley Cemetery.

SOUTH HAMLIN CLUB MET

WITH MRS. CALLOWAY

"By the aid of a hot bed, I had green vegetables in early March, long before my neighbors did," states Mrs. A. A. Calloway, farm and ranch pantry demonstrator of the South Hamlin Home Dem. Club, on Oct. 9, at her home.

October 9 being Achievement Day in Pantry Work, Mrs. Calloway gave a summary of her years work. By starting early last winter with hot-bed and tile. She places her hot bed south of the tank dam for protection and had to burn lantern very few nights in order to save young plants. In March she put down 95 feet of pipe for sub-irrigation (plans to lay

200 feet this fall). From her garden she has canned 396 containers of vegetables; has some 300 containers of fruits and juices. The value of her pantry is over \$200.

By having a well filled pantry her family budget can be reduced. She has attained a well balanced pantry and this means better meals, and better health for her family. Also her pantry is organized the 4-H way. Mrs. Calloway states she intends to keep it organized.

Miss Hearn, Dist. H. Dem. Agt., gave a talk on Extension work in Texas.

The group then viewed the pantry following which a plate with sandwiches, cookies, mints and iced tea was served those present.

Visitors were present from Fisher County, Hanna, Anson and Misses Jewel Faulkner and Hearn.

TO MEMBERS OF JONES COUNTY BURIAL ASSOCIATION AND THE PUBLIC

Charter was granted Oct. 7th for Ideal Security Life Insurance Co., under which name we will operate hereafter, to comply with the New Law passed by the last regular session of the Legislature, and which automatically forces us to cease operation of Our Burial Association. Knowing this, we did not make any assessment this month. As there can be no more assessment, there will be no further responsibility, under the old policies.

Under the New Plan, it will be safer. You know just what you pay, and when you pay. It is FAIR, as each age carries its own risk, by the rates they pay.

We will begin issuing new policies this week, as fast as we can get to them. Those who have not changed over, may do so by coming to the office, or writing us to send a representative.

We thank all loyal members who have helped to relieve the many families whose membership gave them benefits, and regret that we could not continue legally, as we were.

Sincerely yours,
W. H. LITTLEFIELD,
Secretary-Treasurer. (Adv.)

Leaf tobacco being sold to highest bidder

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from

326,093,357 lbs.;
an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191
For the year ending June 30, 1934, the same taxes were \$350,299,442
an increase of 8725%
—a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos. Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette. We believe you will enjoy them.
